

CCEC Energy Efficiency Rebate Application

Our Appliance Rebate program gives you an extra incentive to replace your older, energy-hogging water heater with a new Energy Star® qualified model. To qualify, you must be a Carteret-Craven Electric Cooperative member and the appliance(s) must be installed on a property served by the co-op.

\$300 Heat Pump Water Heater Rebate*

(Not conventional electric resistance water heaters)

Eligibility

- You must receive electric service from CCEC in your home.
- Appliances submitted for previous rebates do not qualify.
- A **copy of the paid receipt** must accompany the application.
- Application must be submitted within six months of purchase.

Restrictions

- Rebates are subject to change without notice.
- All rebates are subject to approval and are contingent upon fund availability.

***Note:** Rebates exceeding \$600 per calendar year may be subject to state or federal taxes. Once an application is received and CCEC verifies installation, a rebate check will be issued. If an application is incomplete, or the appliance does not qualify, we will contact you by phone.

Member Information

Name: _____ Account # _____

Address _____

Home Phone _____ Cell _____

Appliance Purchase Information *(a separate application must be completed for each appliance)*

Brand and Model Number _____

Location/Dealer and Date of Purchase _____

I attest that all information submitted herein is true. This appliance was purchased by me and will be used in my home. I agree to submit my receipt of purchase along with required documentation to Carteret-Craven Electric Cooperative. I understand that Carteret-Craven Electric Cooperative will claim energy savings realized through the purchase of this qualified appliance to help meet mandates of the state Renewable Energy and Energy Efficiency Portfolio Standard. I also understand that rebates exceeding \$600 in a calendar year may be subject to state or federal taxes.
